Celebrating National Co-op Month

Egyptian along with cooperatives nationwide are celebrating National Co-op Month during October. National Co-op Month is an annual opportunity to raise awareness of a trusted, proven way to do business and build resilient, inclusive communities. Under the theme, “Owning Our Identity,” this year’s Co-op Month is also a chance to lift up what makes cooperative businesses unique in the marketplace.

Guided by a set of shared principles and values – among them democracy, equity, and solidarity – co-ops are hardwired for economic and societal transformation. In a moment when corporations are scrambling to find an identity outside of maximizing shareholder value, that’s a meaningful difference.
