Don't Pass by this Password Reminder

It's important to have strong passwords and change them regularly to help keep your accounts safe. Here are the basics:

Don't use personal information. This includes names of people in your family, your address, or birthdays, since this information can be publicly available to hackers.

- **Don't use real words.** Password cracking tools can process every word in the dictionary until a match is found. Instead use uppercase and lowercase letters combined with special characters such as "&" or "#".

- **Create longer passwords.** The longer it is, the better. Try for at least 10 characters.

- **Don't use the same password for multiple websites.** If one website has a data breach and you've used that password elsewhere, it's easier for hackers to steal more information.

- **Change your passwords.** Get in the habit of changing them twice a year.

SAVE TIME
with eBilling

IT'S FASTER TO PAY YOUR BILL ONLINE

Why waste time leafing through a stack of paper bills, writing a check, looking for a stamp, and walking to the mailbox? With Egyptian's eBilling, you can pay your monthly bill with us in seconds. To spend even less time, sign up for AutoPay and have your bill paid automatically.

It's easy to get started with eBilling and set up your account. Simply visit www.egyptian.net and follow the instructions. If you have questions, call us at 888-774-1638.

Egyptian Telephone Cooperative Association's
70th Annual Meeting
